Dear Candidate/Official:

Thank you for taking the time to complete the 2004 Local California Issue Survey.

The NRA Members' Council of the Inland Empire is a local group of citizens who hold membership in the National Rifle Association and are concerned about issues relating to firearms within our community. These issues include the election of our local officials.

In order for us to have adequate input in the political system, we survey local candidates, such as yourself, so that we can better understand where you stand on the issues that are important to us.

If you have any questions or concerns about this survey, please don't hesitate to let us know. We are always willing to answer your questions and assist you during the candidate evaluation process.

This local survey is part of the evaluation process that the Members' Council goes through before we make our recommendation to NRA Staff regarding the possibility of formal endorsement and/or support of candidates and office holders. *This survey should not be confused with the official NRA Questionnaire that you will receive from our NRA Office in Sacramento.*

We consider both to be very important determiners of your position regarding firearms related issues in our community.

Once again, the NRA Members' Council of the Inland Empire stands ready to assist you if you have any questions or concerns regarding the firearms issue or this survey.

Thank you for your attention to this matter.
