

NRA ACTION ALERT

KEEP THE CORDOVA SHOOTING CENTER OPEN!

The Cordova Shooting Center (CSC) is a public shooting range in Rancho Cordova, California - operated by same family since 1979. CSC operates on public property owned by the Cordova Recreation and Park District (CRPD). Recently, the CRPD Administrator recommended to the CRPD Board of Directors that they vote to NOT renew the range's lease and CLOSE THE RANGE DOWN.

At a recent CRPD public board meeting, local residents voiced their support for keeping the range open. As a result, the CRPD Board of Directors decided to postpone their vote and schedule a *Special Public Meeting* for 6:30 PM on June 12th at the *American Room of the Rancho Cordova City Hall*, located at 2729 Prospect Park Drive, Rancho Cordova, CA 95670.

The Cordova Shooting Center pays more than \$183,000.00 per year to the CRPD to operate the facility! More than 30,000 shooters use the range every year. What's really going on?

YOUR NRA is helping with the support of NRA attorneys and range experts. But YOU need to CONTACT the CRPD Directors NOW and urge them to keep the range open! Also, please plan to attend the meeting in June to show your support.
